Dear Parents/Caregivers

All State schools operate on grants received from the Government. The major portion of this funding goes to general operating costs, wages and maintenance.

Pasadena Intermediate School generates further income through trading activities, hire of facilities and fund raising.

However, the above does not extend to implementing all the components of our School Programme and particularly our Enhanced Curriculum Programme.

The school believes these components are vital to give our students 'the edge' and best meet their needs. Accordingly, parents/caregivers are asked to make a contribution to these expenses.

A graduated scale of School Contributions is offered, allowing parents/caregivers to make an appropriate donation according to their ability.

SCHOOL CONTRIBUTION

\$75.00 / 150.00 / \$250.00

A receipt that is suitable for claiming Tax exemption will be issued on request.

In advance we thank you for your consideration and your contribution.
